

# CASPIAN OIL & GAS, INCORPORATING REFINING AND PETROCHEMICALS EXHIBITION&CONFERENCE 2009 POST SHOW REPORT

*The 16<sup>th</sup> International "Caspian Oil and Gas, Refining and Petrochemicals 2009" Exhibition  
June 2-5, 2009, Heydar Aliyev Sport and Exhibition Complex*

Again, as it had been expected, the attention of the world oil and gas industry on June 2–5 was pinned to the major event in the field of Oil and Gas, Refining and Petrochemicals in the Caspian region. The exhibition was held under the patronage of the President of the Azerbaijan Republic, HE Ilham Aliyev who personally participated in the opening ceremony on June 2. In his welcoming speech, the President of Azerbaijan said: The first exhibition was held in 1994 to tell the world more about Azerbaijan. I can say that the exhibition has played a very important role in the development of the oil and gas sector in Azerbaijan and attraction of large-scaled investment. Not without a reason, the "Contract of the Century" which nowadays largely determines the capacity for Azerbaijan's long-term development was signed after the first exhibition. Signing of the contract of the century was a historical event. For the first time the Caspian sea was opened for foreign investors, large-scaled investments were made and Azerbaijan started cooperation with international companies of global scale.

Owing to this contract we are nowadays witnessing the dynamic development of the oil and gas sector in Azerbaijan. However, the significance of the contract and future steps is not confined to economic indicators only. It helped Azerbaijan and domestic companies to establish relations with companies distinguished at the global level and world scale. This helped us to work productively with international financial structures and increase Azerbaijan's credit rating.

We have three oil pipelines, two of which lead to the Black sea and one – to the Mediterranean. We have four gas pipelines: one of them is Baku–Tbilisi–Erzurum, while the others link Azerbaijan to the neighboring countries. All the pipelines are operating. Azerbaijan is capable of exporting oil and gas in every direction.

This year oil production in Azerbaijan will exceed 50 million tons. Next year the figure will exceed 60 million. The oil and gas fields discovered in Azerbaijan will continue for many years, at least for a century, to provide our country with hydrocarbons and ensure our exporting capacity. Azerbaijan is ready to participate on acceptable terms in different gas projects which are the topic of discussions today.

The exhibition and conference was held with official support of the Ministry of Industry and Energy and the State Oil Company of the Azerbaijan Republic. The organisers of the event are the International Exhibition company ITE Group PLC, its partners Iteca Caspian LLC (Azerbaijan), ITE Moscow LLC (Russia), GIMA (Germany), EUF (Turkey) and ITE Gulf FZ LLC(UAE),. The co-organizers of the event are the Chamber of Commerce and Industry of the Azerbaijan Republic.

Platinum sponsor of the exhibition was: IBAR

Gold sponsor of the exhibition was: SOCAR

The sponsors of the exhibition and conference are the : BP, Bank of Tokyo–Mitsubishi, BNHF, Caspian Geophysical, Cross Caspian Oil and Gas Logistics LLC, EON, RWE, Salans, Statoilhydro, TAP, Total, Volgaburmash companies.

This year the Sports–Exhibition complex named after Heydar Aliyev has attracted 260 companies from 22 countries. Interestingly, 22% of the participants were taking part in the exhibition for the first time and have made their first steps in the Azerbaijan market through this event. The pavilions for national groups were reserved by Germany and China. 70% of the participants were the world's famous companies. Among the participants of the of the exhibition were Turkiye Petrolleri A.O., Georgian International Oil Corporation (GOGC), Japan Oil, Gas and Metals National Corporation and etc. The number of Azerbaijan companies participating in the exhibition increased as well. 38% of the exhibitors were local companies and

producers from Azerbaijan; 25% of exhibitors were from CIS countries and 62% were companies from the far abroad and their local representatives in Azerbaijan.

“Caspian Oil and Gas, Refining and Petrochemicals 2009” has attracted such companies as *BP; OMV GAS INTERNATIONAL GMBH; RWE; TEKFEN-AZFEN; CHINA PETROLEUM TECHNOLOGY & DEVELOPMENT CORPORATION (CPTDC); AZERI MI DRILLING FLUIDS LTD; VBM-GROUP; STATOILHYDRO; FACET DEUTSCHLAND GMBH; CROSS CASPIAN OIL AND GAS LOGISTICS LLC; SAIPEM ENI; TMK; PETKIM PETROKIMYA HOLDING A.S.; CASPIAN GEOPHYSICAL JV LLC; TOTAL* and many others. Among those present also were representatives of state structures such as SOCAR, Azerkimya, Azneftkimyamash, Azerigas, Azerbaijan State Oil Academy, Azerbaijan State Academy of Sciences, Georgian Oil and Gas Corporation and Azerbaijan Republic National Confederation of Entrepreneur Organizations. The exhibition occupied the three pavilions of the complex. The sectors of the exhibition included: Development of oil and gas fields; Geophysics and geology; Construction of and production from oil and gas fields; Platforms and floating drilling rigs; Design, production and technical maintenance of equipment for gas fields; Processing of oil and gas products and petrochemicals; Transportation of hydrocarbons; Construction and assembly of operators in the energy sector; Provision of oil storing systems; Production of special machinery, general active and backing elements and spare parts for technical maintenance; Energy, etc.

The 16th International “Caspian Oil and Gas, Refining and Petrochemicals 2009” Conference was held in the framework of the exhibition in the Conference Center of the HYATT Regency Hotel on June 3-4, 2009.

The two-day conference was dedicated to the Caspian Basin’s Reserves: Exploration, Production and Investments and Diversification of Energy Supplies to Europe. The conference touched upon many important problems such as The Role of Caspian Region in providing Energy Security; The Outlook of Exploration & Production in the Caspian Sea Region; Investing in Azerbaijan’s oil and gas sector. International Cooperation; Southern Gas Corridor: Transporting Caspian Oil and Gas Resources to the Global Market; International Transportation Projects in the Caspian Region; Interactive Panel discussion: The South Caspian – Azerbaijan, Iran, Turkmenistan: future perspectives on regional cooperation and hydrocarbon exports. Approximately 400 delegates from 26 world countries have taken part in the conference. About 40 speakers including VIP persons spoke at the conference with report.

Most of the official publication was published for the exhibition and conference including the official exhibition catalogue, official conference materials and daily newspapers of the Caspian Oil and Gas Exhibition “Daily News” which interactively reflected the events of the exhibition and conference.
